Re: Survey of your school's internet filtering habits

---

Thank you for offering to help with our survey. Our goal is to try to find out whether the filtering software used on high school computers blocks important information about sexual health and reproduction.

Please answer the following questions and then return the survey to: [sexed@aclu-nj.org](mailto:sexed@aclu-nj.org) or mail it to the address above.

We will not disclose your assistance with this project without first seeking your permission.

The survey is below. Thank you for your help!
