

I support

S2703/A4497

to legalize
marijuana for
adult use.

ACLU

New Jersey

Here's how it advances justice:

- ✓ **Expunging marijuana convictions** for possession and low-level distribution
- ✓ **Vacating or dismissing sentences** and pending charges
- ✓ **Prohibiting discrimination** against people based on past marijuana convictions
- ✓ **Creating opportunities for communities of color, women, disabled veterans, and other marginalized groups** to fully participate in the cannabis industry
- ✓ **Reinvesting tax revenue** in local communities and in state initiatives including cannabis regulation, expungement, job-training, and other important priorities

Dear _____ ,

I urge you to vote **YES** on **S2703/A4497**, a bill to legalize cannabis that focuses on racial and social justice. Please take this important step for civil rights by passing this bill.

Sincerely,
