Director
Immigration and Customs Enforcement
Washington, DC

Subject: Official Request to Participate in 287(g) Cross-Designation Program

Dear Director Saldana,

I am writing to request participation in the Delegation of Authority program pursuant to Section 287(g) of the Immigration and Naturalization Act. Given our current relationship with ICE, the partnership will enable us to better serve and meet the needs of the residents of Salem County New Jersey.

Salem County Sheriff Sergeant Andrew Riddle has been in communication with your Newark Field Office 287(g) Program Manager James Wilson who has been very helpful and encouraging. With the advice, I am proposing the following:

- Establishment of a 287(g) Jail Enforcement Model (JEM) program at the Salem County Correctional Facility. The facility has a capacity of 400 Beds and intakes approximately 6000 people per year.
- Train 3 Salem County Correctional Officers assigned to Booking/Classification with a minimum of 5 years of experience, who have passed the security background acceptable to ICE

This program will allow us to enter into a Memorandum of Agreement that will enable us to participate with ICE in identifying criminal illegal aliens who pose a risk to the citizens of Salem County. I look forward to your speedy endorsement of this request and moving forward with the program for the benefit of all.

If there are any questions or other needs to assist in processing this request please do not hesitate to contact my office.

Sincerely,

Charles M. Miller
Sheriff

Subject: Salem County Request letter for 287(g)
Attachments: Request to Participate in 287(g) Program Letter.docx

Sergeant Riddle,

It was great getting the opportunity to speak with you about the 287(g) program. I have a template for use in preparing the "official request" letter to participate in a 287(g) cross designated program. I have the completed needs assessment sheet that your agency prepared, the only thing that we need to start the process is submission of a request letter from your agency. Once the letter is signed and returned to me I will forward it with the packet to the ICE 287(g) Office in Washington.

Again, keep in touch and let me know if you can get away for the day to visit the program at Monmouth County and meet with the 287(g) Officers.

James

Subject: ICE 287(g) questionnaire

Good morning Ray,

The following information and questionnaire is being forwarded to you for review and completion as a follow up to your interest in possibly participating with ICE ERO's 287(g) program.

Our Headquarters component that oversees the 287(g) program has asked that we send the attached "Needs Assessment Questionnaire" to your facility for review and completion. Responses will be evaluated to determine partnership opportunities between your law enforcement agency and ICE.

Information provided in this "Needs Assessment" will only be used for this purpose. All information will be deemed law enforcement sensitive, and will not be disclosed or transmitted to any unauthorized party. Furthermore, all information provided in this document is protected from public disclosure under Exemption 7 of the Freedom of Information Act (FOIA) / 5 U.S.C 552(b)(7).

Completed questionnaires will be forwarded to the ICE Office of State and Local Coordination in Washington, DC.

We would appreciate if the documents could be returned by March 10, 2016. Please do not submit the document electronically via the submit button; we ask that the preparer of the form print it and forward a signed copy of the document in an email attachment.

Thank you.

Jim

Subject: ICE 287g Program

Importance: High

Andrew,

Here is the brief description/ introduction of the 287g program that we just talked about, and please feel free to explore this topic with the Warden, the facility management and maybe Sheriff Miller. I don't know why the front office only give me few days to solicit an response from my Area of Responsibility. I am sure your facility may not be able to commit to this program in two days, but, if Ray didn't immediately turn it down and would like additional time to consider this program, I would be more than happy to explain that to my front office that Salem County is actively considering the program and needing more time. Currently, Hudson County and Monmouth County are the two county governments in New Jersey actively holding 287g MOU with us. Their MOUs can be accessed and viewed on public website attached.

ICE 287(g) Program/ Unit

The 287(g) program enhances the safety and security of communities by partnering with state and local law enforcement agencies (LEAs) to identify and remove criminal aliens. 287(g) authority allows state and local law enforcement entities to enter into a partnership with Immigration and Customs Enforcement (ICE) under a joint Memorandum of Agreement (MOA). The state or local entity receives delegated authority for immigration enforcement within their jurisdictions.

Currently, ICE has 34 established MOAs with partner LEAs in 17 states. Participation by state and local LEAs is voluntary, and delegation is granted only after Department of Homeland Security (DHS)/ICE approval and extensive training by ICE is completed. All delegated officers perform immigration enforcement functions under direct ICE supervision.

The 287(g) program serves as a force multiplier for ICE at the state and local level. Section 287(g) of the Immigration and Nationality Act provides the capability for DHS to delegate to state and local law enforcement officers the authority to enforce federal immigration law under a signed agreement between DHS and the LEA. The 287(g) program utilizes the Jail Enforcement Model to accomplish its mission:

- The 287(g) Jail Enforcement Model is designed to identify and process all criminal and other priority aliens arrested and booked into a detention facility. The Jail Enforcement Model is supervised by the local ICE Office of Enforcement and Removal Operations Field Office.

Here is the FACT Sheet, detailed information and the website links regarding the ICE 287g program, and it is available via the below two links:

<http://www.ice.gov/factsheets/287g#wcm-survey-target-id>

<http://www.ice.gov/factsheets/287g-reform>

Delegation of Immigration Authority Section 287(g) Immigration and Nationality Act
Fact Sheet

U.S. Immigration and Customs Enforcement (ICE), the largest investigative agency in the Department of Homeland Security, is responsible for enforcing federal immigration laws as part of its homeland security mission. ICE works closely with federal, state and local law enforcement partners in this mission. The 287(g) program, one of ICE's top partnership initiatives, allows a state or local law enforcement entity to enter into a partnership with ICE, under a joint Memorandum of Agreement (MOA), in order to receive delegated authority for immigration enforcement within their jurisdictions.

287(g) Revisions: Updated Facts

In 2009, ICE revised the 287(g) delegated authority program, strengthening public safety and ensuring consistency in immigration enforcement across the country by prioritizing the arrest and detention of criminal aliens. ([read more](#))

ICE ACCESS: A Partnership Approach

The 287(g) program is one component of the ICE ACCESS (Agreements of Cooperation in Communities to Enhance Safety and Security) program, which provides local law enforcement agencies an opportunity to team with ICE to combat specific challenges in their communities.

The 287(g) program is only one component under the ICE ACCESS umbrella of services and programs offered for assistance to local law enforcement officers.

ICE developed the ACCESS program in response to the widespread interest from local law enforcement agencies who have requested ICE assistance through the 287(g) program, which trains local officers to enforce immigration law as authorized through section 287(g) of the Immigration and Nationality Act. Terrorism and criminal activity are most effectively combated through a multi-agency/multi-authority approach that encompasses federal, state and local resources, skills and expertise.

State and local law enforcement play a critical role in protecting our homeland because they are often the first responders on the scene when there is an incident or attack against the United States. During the course of daily duties, they will often encounter foreign-born criminals and immigration violators who pose a threat to national security or public safety.

History of 287(g)

The Illegal Immigration Reform and Immigrant Responsibility Act of 1996 added Section 287(g), performance of immigration officer functions by state officers and employees, to the Immigration and Nationality Act. This authorizes the Director of ICE to enter into agreements with state and local law enforcement agencies, permitting designated officers to perform immigration law enforcement functions, provided that the local law enforcement officers receive appropriate training and function under the supervision of ICE officers.

Memorandum of Agreement

The MOA defines the scope and limitations of the delegation of authority. It also establishes the supervisory structure for the designated immigration officers working under the cross-designation and prescribes the agreed upon complaint process governing officer conduct during the life of the MOA. Under the statute, ICE will supervise all cross-designated officers when they exercise their immigration authorities. The agreement must be signed by the Executive Associate Director for

Enforcement and Removal Operations, and the governor, a senior political entity or the head of the local agency before trained local designated immigration officers are authorized to enforce immigration law.

Officer Selection Requirements

Participating officers in the 287(g) program must meet the following requirements:

- U.S. citizenship
- Current background investigation completed
- Minimum one year of experience in current position
- No disciplinary actions pending

Training Requirements

ICE provides a four-week basic training program and a one-week refresher training program (completed every two years) conducted by certified instructors at the Federal Law Enforcement Training Center (FLETC) ICE Academy (ICEA) in Charleston, SC.

287(g) Results and Participating Entities

Currently, ICE has 287(g) agreements with 32 law enforcement agencies in 16 states. From January 2006 through September 30, 2014, the 287(g) program is credited with identifying more than 373,800 potentially removable aliens — mostly at local jails. ICE has trained and certified more than 1,500 state and local officers to enforce immigration law.
